

The audit process : principles, practice and cases

Gray, Iain, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20417398&lokasi=lokal>

Abstrak

Provides students on both undergraduate and professional courses in accounting with an introduction to the principles and practice of auditing. Incorporating relevant aspects of the global financial crisis, this title offers an approach, including helpful margin notes and numerous self-assessment questions. Read l
