

Human cell transformation : role of stem cells and the microenvironment

Rhim, Johng S., editor

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20417644&lokasi=lokal>

Abstrak

This text explores the latest progress in cell transformation model systems, and explores molecular and cellular changes at work in the transformation of normal cells into neoplastic cells. Also covers stem cells, and the role of microenvironments in cancer.
