

Sobotta Atlas of human anatomy : tables of muscles, joints, and nerves; Volume 4

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20418377&lokasi=lokal>

Abstrak

This is the exam atlas that helps in learning and understanding anatomy. The English-language Sobotta Atlas with Latin nomenclature is specifically adapted to the needs of preclinical medical students. Right from the start, the book and the Internet content concentrate on exam-relevant knowledge. The new study concept simplifies learning - understanding - training: Descriptive legends help the student identify the most important features in the figures. Clinical examples present anatomical details in a wider context. All illustrations have been optimised, and the lettering reduced to a minimum.
