

Algebraic modeling systems: modeling and solving real world optimization problems

Josef Kallrath, editor

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20418981&lokasi=lokal>

Abstrak

This book, deals with the aspects of modeling and solving real-world optimization problems in a unique combination. It treats systematically the major algebraic modeling languages (AMLs) and modeling systems (AMLs) used to solve mathematical optimization problems. AMLs helped significantly to increase the usage of mathematical optimization in industry.
