Abstrak

This memorial volume contains articles by prominent mathematicians in a variety of areas of the field, namely number theory, analysis, and geometry, representing Lang's own breadth of interest and impact. A special introduction by John Tate includes a brief and fascinating account of the Serge Lang's life. This volume's group of 6 editors are also highly prominent mathematicians and were close to Serge Lang, both academically and personally. The volume is suitable to research mathematicians in the areas of number theory, analysis, and geometry.
