

Entangled: an archaeology of the relationships between humans and things

Hodder, Ian, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20419427&lokasi=lokal>

Abstrak

Summary:

In his new book, Ian Hodder discusses our human "entanglements" with material things, and how archaeological evidence can help us to understand the direction of human social and technological change. Things can and do entrap humans and societies into the maintenance and sustaining of material world
