

Environmental principles and policies : an interdisciplinary introduction

Beder, Sharon, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20419855&lokasi=lokal>

Abstrak

[Takes a interdisciplinary and analytical approach to the development, implementation and impact of environmental policies that govern our relationship with the environment. This work also covers how principles are applied in real life to a range of issues from persistent chemical pollution to climate change to fishing rights and watershed usage., Takes a interdisciplinary and analytical approach to the development, implementation and impact of environmental policies that govern our relationship with the environment.
