

Transcending tradition : Jewish mathematicians in German-speaking academic culture

Bergmann, Birgit, editor

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20420009&lokasi=lokal>

Abstrak

The book explores the working lives and activities of Jewish mathematicians in German-speaking countries during the period between the legal and political emancipation of the Jews in the 19th century and their persecution in Nazi Germany. It highlights the important role Jewish mathematicians played in all areas of mathematical culture during the Wilhelmine Empire and the Weimar Republic, and recalls their emigration, flight or death after 1933.
