

Topics in modern regularity theory

Mingione, Giuseppe, editor

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20420015&lokasi=lokal>

Abstrak

This book contains lecture notes of a series of courses on the regularity theory of partial differential equations and variational problems, held in Pisa and Parma in the years 2009 and 2010. The contributors, provide three updated and extensive introductions to various aspects of modern Regularity Theory concerning, mathematical modelling of thin films and related free discontinuity problems, analysis of conformally invariant variational problems via conservation laws, and the analysis of the Willmore functional.
