

Training design basics

Carliner, Saul, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20420083&lokasi=lokal>

Abstrak

It zeroes in on how to design successful training for the face-to-face or virtual classroom and serves as a guide for developing self-study training programs, such as online tutorials and workbooks. Carliner delves into the analysis and evaluation phases of training design and gives prominence to core competencies like materials development, marketing, and administration.
