

## Hubungan perilaku merokok dengan gambaran faal paru pada jemaah haji di Indonesia

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20420356&lokasi=lokal>

---

### Abstrak

There are many Indonesian pilgrim who have smoking habits. Smoking can cause pulmonary function disorder. Pulmonary function could be normal, obstructive, restrictive, or mixed. Previous studies had showed a close association between smoking behavior and respiratory tract disease ...
