

Gap SRHR (sexual & reproductive health & rights) dalam kebijakan perubahan iklim : studi kasus kabupaten Jepara & Banyumas

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20420402&lokasi=lokal>

Abstrak

Risks of women's SRHR is increasing due to limited access to water and food in climate change policy. Women's vulnerability is very high regarding the masculinity of climate-related policy--specifically the minimum representation ...
