

Frontiers in numerical analysis - Durham 2010

Blowey, James, editor

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20420441&lokasi=lokal>

Abstrak

This book contains detailed lecture notes on four topics at the forefront of current research in computational mathematics. Each set of notes presents a self-contained guide to a current research area and has an extensive bibliography. In addition, most of the notes contain detailed proofs of the key results. The notes start from a level suitable for first year graduate students in applied mathematics, mathematical analysis or numerical analysis, and proceed to current research topics.
