

Advanced surgical facial rejuvenation : art and clinical practice

Erian, Anthony, editor

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20420684&lokasi=lokal>

Abstrak

This richly illustrated book covers all aspects of aesthetic facial surgery, from anatomy to the variety of procedures employed in facial surgery, including ancillary techniques such as chemical peel, laser, and facial fillers. Both newer techniques and variations on older approaches are carefully presented and discussed. In addition, preoperative care is analyzed, and detailed attention is devoted to problems related to HIV infection, anesthesia, complications, and psychological aspects. The contributors are all internationally acclaimed experts in the field.
