Preparing for the Occupational Therapy National Board Exam: 45 Days and Counting is a comprehensive overview for occupational therapy students preparing to take the National Board for Certification in Occupational Therapy (NBCOT) exam. Containing more than just study questions, this comprehensive review guide is organized by domain areas and each subject is addressed according to the degree it is covered on the NBCOT examination. Corresponding workbook pages include specific references to occupational therapy curricula, enabling additional exploration of content that is challenging or unfamiliar. Also included with each new print copy of the review guide, the companion CD-ROM simulates online testing with multiple choice practice questions, each providing evidence-based rationale for why a particular answer is correct or incorrect.
