[ABSTRAK

Penelitian ini bertujuan untuk menginvestigasi dampak yang timbul dari penerapan Tanggung Jawab Sosial dan Produktivitas perusahaan manufaktur yang terdaftar di Bursa Efek Indonesia dengan periode penelitian dari 2004 sampai dengan 2013. Tanggung Jawab Sosial (CSR) dikenal sebagai salah satu elemen penting dari laporan keberlanjutan, menyampaikan informasi krusial yang menyangkut dengan aspek social, dampak lingkungan, keselamatan kerja, hak asasi manusia, dan pemanfaatan energi oleh perusahaan yang bersangkutan. Variable control yang digunakan dalam penelitian ini adalah ukuran perusahaan, kesempatan pertumbuhan, tingkat pengembalian asset (ROA) dan rasio leverage.

Sampel yang digunakan dalam penelitian ini adalah perusahaan manufaktur yang terdaftar di Bursa Efek Indonesia pada periode 2004-2013. Data yang digunakan adalah laporan tahunan dan laporan keuangan dari setiap perusahaan yang di kumpulkan dari Bursa efek Indonesia dan Indonesia Capital Market Directory (ICMD).

Berdasarkan dari hasil statistik, hanya variable Tanggung Jawab Sosial (CSR) yang berpengaruh secara positif signifikan terhadap produktivitas yang dicapai perusahaan. Sementara itu, variabel kontrol lainnya berpengaruh secara bervariasi baik positif maupun negatif, tetapi tidak signifikan.
