Abstrak

ABSTRAK
 Praktek Kerja Profesi (PKP) di industri farmasi dilaksanakan di Departemen Quality Assurance

(QA) PT AstraZeneca-Cikarang Site. Kegiatan ini berlangsung selama sembilan minggu dari tanggal 1 Juli sampai dengan tanggal 31 Agustus 2015. PKP di industry bertujuan agar mahasiswa mengerti peranan apoteker, memiliki wawasan tentang pelaksanaan pekerjaan kefarmasian, memahami penerapan Cara Pembuatan Obat yang Baik (CPOB), dan memiliki gambaran nyata tentang permasalahan pekerjaan kefarmasian di industri farmasi. Berdasarkan kegiatan PKP yang dilakukan, dapat disimpulkan bahwa peran apoteker penting untuk menghasilkan obat-obatan yang aman, bermutu, dan berkhasiat. Apoteker di Departemen QA berperan dalam pemastian kesesuaian setiap proses dari awal hingga akhir. Mahasiswa apoteker telah berhasil memperoleh gambaran umum dari pelaksanaan pekerjaan kefarmasian di PT AstraZeneca-Cikarang Site, khususnya di bidang QA. Berdasarkan pengamatan, PT AstraZeneca-Cikarang Site telah menerapkan seluruh aspek CPOB dengan baik. ABSTRACT Profession Internship at pharmaceutical industry was held at Quality Assurance (QA) Department

of PT AstraZeneca Indonesia?CikarangSite. This activity was held for nine weeks from July 1 until August 31

th
2015. Profession internship at pharmaceutical industry was intended to make apothecary student understand the role of pharmacist, have insight into the implementation of pharmaceutical practice, understand the implementation of Cara Pembuatan Obat yang Baik (CPOB), and know the issues in pharmaceutical practice in pharmaceutical industry. Apothecary student have obtained insight into general routine activities in QA Department, those were evaluation of batch records, validation, qualification, matrix of machine critical parameters, stability testing, product registration, process inspection, complaint, product quality review, and duties of other departments. Based on the observation, PT PT AstraZeneca Indonesia?CikarangSite have applied all aspects of CPOB.
