Abstrak

ABSTRAK
Apotek adalah suatu sarana pelayanan kesehatan, tempat pengabdian apoteker yang telah mengucapkan sumpah jabatan, tempat dilakukannya praktek kefarmasian, dan tempat penyaluran perbekalan farmasi kepada masyarakat. Apoteker sebagai penanggungjawab apotek memiliki peranan penting dalam pelayanan kesehatan dalam bidang kefarmasian. Tujuan dilaksanakan PKP supaya apoteker memahami tugas dan tanggung jawab apoteker di apotek, memperoleh wawasan, pengetahuan, keterampilan, dan pengalaman praktis untuk melakukan praktek kefarmasian di apotek serta memperoleh gambaran nyata tentang permasalahan praktek kefarmasian. Peserta PKP melakukan praktik kefarmasian dan mendapatkan tugas khusus untuk melakukan pelayanan telefarmasi, yaitu pelayanan kefarmasian melalui komunikasi jarak jauh, dalam hal ini melalui telepon. Telefarmasi bertujuan untuk memantau kepatuhan pasien dan memantau efek samping obat. Peserta PKP paham mengenai peran dan fungsi apoteker dalam aspek manajerial, yaitu: melakukan pengawasan seluruh aspek pelayanan kefarmasian, pengelolaan perbekalan farmasi dan perbekalan kesehatan dimulai dari pengadaan, penerimaan, penyimpanan, pengelolaan, dan penyaluran sediaan farmasi di apotek. Peserta PKP mendapatkan wawasan, pengetahuan, keterampilan, dan pengalaman dalam pengkajian resep, penyerahan obat, pelayanan informasi obat, konseling, pelayanan kefarmasian di rumah, pemantauan terapi obat, dan pengawasan efek samping obat. Gambaran nyata permasalahan yang sering terjadi di apotek adalah penolakan resep karena obat tidak tersedia.

ABSTRACT
The pharmacy is a health-care facilities, places pharmacist do practice pharmaceutical care and the distribution medicine to public. Pharmacist as a responsible pharmacist pharmacy has an important role in health care especially in pharmacy. The goals of this internship are to make pharmacist student understand jobs and duties as a pharmacist in pharmacy, to get knowledge, skills, and experience about pharmaceutical care as well as to know about problems at pharmacy. Student did pharmaceutical practice and got duties to do telepharmacy service over the phone. The purpose of telepharmacy are to monitor patient compliance and drug side effects.
