

Power plays : energy options in the age of peak oil

Rapier, Robert, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20425558&lokasi=lokal>

Abstrak

This book helps readers sort through energy hype, doom and gloom, and misinformation to understand what really matters in energy, and how it impacts individuals, investors, businesspeople, and policy makers worldwide. The book covers the overall global energy situation, the particular risks for the U.S. with its present energy mix, the energy outlook for the developed world and emerging economies like China and India, what peak oil really means, and the present and likely future of natural gas, coal, oil, nuclear power, and alternative energy sources.
