Abstrak

Nowadays, various approaches are often performed in conducting research or islamic studies. One of them is feminism approach. Feminism approach is an analytical or perspective on the basis of gender equality. With this approach, it will be revealed with obvious forms of gender inequality in the social system that needs to deconstruct and reconstruct that is friendlier to women. Feminism approach is much better done by feminist leaders in the fields of theological interpretation, misogynitic hadith, islamic law, and so forth.
