

Logware version 5.0 : user's manual : selected computer programs for Logistical/SC planning

Ballou, Ronald H., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20425605&lokasi=lokal>

Abstrak

For undergraduate/graduate courses in Business Logistics, Physical Distribution, Operations Management, Materials Management, and Supply Chain Management, in departments of business and engineering. This comprehensive discussion is designed to help students solve the actual problems that they will encounter in the marketplace.
