

Pro SQL server 2012 administration

Simmons, Ken, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20425644&lokasi=lokal>

Abstrak

Pro SQL server 2012 Administration addresses all aspects of database administration, regardless of the size of the implementation. Install SQL Server 2012 and create new database environments. Develop a sound backup strategy for your database. Perform recovery as needed, which many consider to be job #1. Authors Ken Simmons and Sylvester Carstarphen also help you automate your work through the use of policy-based management. Performance optimization gets good coverage, so that you can render assistance when developers need help with problem queries.
