Abstrak

Midfacial rejuvenation is a comprehensive review of the majority of procedures and options for midfacial aesthetic and corrective surgery. Each contributor offers a unique approach to the midfacial area, with detailed specifics for every technique. Chapters on midfacial anatomy, complications and their management complete the comprehensive coverage of the subject matter, resulting in a reference text that will benefit every practitioner dealing with the midfacial region.

Features, one of the first books to focus exclusively on the midfacial area, highly illustrated and with clear, step-by-step instructions on performing a variety of midface lifts, implants, sutures, grafts, and fillers, over 300 full color images, includes in-depth chapters on midfacial anatomy and the anatomic basis of aging, multiple approaches to midfacial rejuvenation by well-known surgeons in fields such as oculoplastics, facial plastics, general plastics, and dermatologists.
