

Peripheral and cerebrovascular intervention / edited by Deepak L. Bhatt

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20426412&lokasi=lokal>

Abstrak

Peripheral and cerebrovascular Intervention draws upon experts from diverse fields to provide readers with a comprehensive foundation for understanding and performing endovascular procedures, from the basic steps to the most current and advanced techniques. Individual chapters focus on primary intervention sites, including lower extremity, renal/mesenteric, subclavian/upper extremity, carotid/vertebral, intracranial and venous interventions. Additionally, chapters covering critical limb ischemia and abdominal and thoracic aortic aneurysms are included. Incorporating valuable clinical information, such as indications, contraindications, complications and discussions of surgical techniques and procedures.
