Abstrak

A comprehensive textbook of some of the most common and difficult to deal with pathologies. The first truly international, multidisciplinary manual of foot and ankle surgery by the specialty's leaders and most experienced surgeons. The management of various conditions in the foot and ankle will be approached by authors in different parts of the world. Authors will be invited to provide radiographs, diagrams, and intra-operative pictures to illustrate the procedures described. Current up to date trends and techniques using a scientific approach including evidence based guidelines where applicable.
