

Managing the one-person library / Larry Cooperman

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20427186&lokasi=lokal>

Abstrak

Managing the one-person library provides a useful and needed resource for solo librarians confronted with the challenges of running a small library. The author uniquely focuses on topics encountered by solo librarians, such as IT troubleshooting and library security. Chapters on library management, collection development, serials management, and library marketing are included to enable solo librarians to easily manage day-to-day operations in these areas, and advise on how to respond to any challenges that should (and will) arise.
