The government of Indonesia is not serious to resolve the issue of the protection of migrants workers. The Supreme Audit Agency (BPK) Republik Indonesia (RI) has provided comprehensive recommendations in the examination report of placement and protection performance of migrant workers. BPK issued a report that the placement of workers abroad is not fully supported by the policy intact, comprehensive, and transparent to protect the basic rights of workers and equal opportunities for all stakeholders. It is also not supported by the integrated system and the allocation of adequate resources to improve the equality of the placement and protection of migrant workers abroad. BPK also explicitly highlights that requirement of workers is not yet supported by good and transparent process so there is no certainty, justice, and the protection of migrant workers.
