Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20428598&lokasi=lokal>

Abstrak

The successful of developing and implementation of information sistem is depend on the user acceptance. SIPADU-STIS is an academic information system that support academic's bisnis process. Technology acceptance model (TAM) will be employed for analysing of SIPADU-STIS system. Validation of TAM model will estimate using structural equation model (SEM). The model shows that SIPADU- STIS has a high user's acceptance.
