

Model Pembelajaran Kooperatif Tipe Team Assisted Individualization (Tai) Dalam Pembelajaran Matematika Untuk Kelas Rendah

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20428708&lokasi=lokal>

Abstrak

Teachers must be creative in playing their role as educators including in the field of mathematics. Through the implementation and modification of teaching models, students are hoped to be a good and independent generation who are creative and innovative. One of the teaching models which may be used is Cooperative learning with Team Assisted Individualization (TAI) models.
