

Outsourcing training: managing the training function

Cowan, Stella Louise, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20428875&lokasi=lokal>

Abstrak

Outsourcing training is a business reality, but success does not begin and end with giving the work or project to a suitable vendor. This Infoline will show you how to use outsourcing as a strategic advantage and to proactively address the many potential challenges of working with external or internal experts or consultants. The issue covers generally accepted contracting costs, typical elements of a consulting contract, and the process for determining which vendor would make the best fit.
