

Level 2 evaluation: learning: evaluation & research

Phillips, Jack, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20428994&lokasi=lokal>

Abstrak

Did your participants learn anything from your class or program? That is the key question behind the simple, but useful smile sheet. This Infoline provides you with specific guidelines for performing level two evaluations, including a discussion of various test types, test formatting and design, and key administration issues. The issue includes a standard evaluation worksheet, a case study sidebar, and a helpful listing of online testing software tools.
