

In action: coaching for extraordinary results: thirteen case studies from the real world of training

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20429091&lokasi=lokal>

Abstrak

Do you want to increase productivity and positively affect your bottom line through effective coaching? Coaching for Extraordinary Results offers its readers an opportunity to tap into this extraordinary tool by describing approaches, processes, strategies, and models from organizations that have gone beyond what they thought was thought possible. These results include more meaningful work, higher productivity, the right people in the right jobs, people who are challenged to do their best, a leadership legacy, and a positive effect on the bottom line.
