

Alternatives to classrooms: instructional systems design

Cowan, Stella Louise, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20429133&lokasi=lokal>

Abstrak

This Infoline will give you the tools to better manage organizational learning in a world moving toward e-learning and other just-in-time strategies. It will help you build a strategic plan based on the needs of your learners and provide classroom-training alternatives that will give you flexibility in terms of your resource allocation. Moreover, you will explore how to determine which classroom training alternatives are best for your organization using a whole systems view.
