Abstrak

**ABSTRAK**

Pengelola gedung yang berjalan baik adalah pengelola yang menciptakan kepuasan tenant sebagai pelanggan pengelola gedung begitu pula pengelola di gedung Office X. Oleh karenanya ditinjau kualitas pelayanan dan tingkat kepuasan tenant terhadap kinerja pengelola gedung Office X. Penelitian menggunakan Propertyqual dengan menggunakan 11 dimensi, yaitu tangible, reliable, responsiveness, assurance, emphaty, cleaningless, building services, signage, security, parking, dan building aesthetic. Dari output propertyqual dilakukan pemetaan risiko terhadap nilai propertyqual yang mendapat nilai negatif dengan metoda AHP (Analytic Hierarchy Process). Setelah diketahui level risiko dan juga dicari perbaikan-perbaikan yang ada diketahui dari jurnal ataupun buku mengenai pengelolaan gedung
