**ABSTRAK
**

Penelitian ini bertujuan untuk mengetahui pengaruh external pressure dan organizational justice terhadap resistance to change di PT. X. PT. X adalah perusahaan badan usaha milik negara yang bergerak di bidang jasa konsultasi, survei, inspeksi dan verifikasi. Metode analisis data yang digunakan adalah analisis statistik deskriptif dan regresi. Resistance to change adalah faktor yang menghambat proses perubahan. External pressure memiliki dimensi coercive, mimetic dan normative pressure. Organizational justice memiliki dimensi distributive justice, procedural justice, interpersonal justice dan informational justice. Hasil penelitian terhadap 262 responden menunjukkan tingkat resistance to change di PT. X dikategorikan sedang. Dimensi mimetic pressure berpengaruh secara signifikan terhadap resistance to change, dimensi informational justice berpengaruh negatif secara signifikan terhadap resistance to change. Sedangkan coercive, normative, distributive justice, procedural justice dan interpersonal justice tidak terbukti berpengaruh secara signifikan terhadap resistance to change
