ABSTRAK

Penelitian ini tentang bagaimana spiritualitas dapat meningkatkan kualitas governance dalam pelaksanaan program penanggulangan kemiskinan di Kota Kendari. Pendekatan penelitian yang dipergunakan adalah induktif kualitatif dan strategi penelitiannya adalah studi kasus. Hasil penelitian menunjukkan proses implementasi PPM berjalan melalui tahapan-tahapan: sosialisasi, pendataan warga kaya dan miskin, penjualan profil, penandatanganan akte, dan tahap persaudaraan madani. Bentuk pemberdayaan utamanya difokuskan pada aspek pekerjaan, perumahan, pendidikan, dan bimbingan spiritual sehingga PPM dapat berkontribusi dalam meningkatkan kualitas hidup (quality of life) dan kondisi kesejahteraan sosial (social welfare) keluarga miskin. Faktor-faktor pemungkin (enabling factors) keberhasilan PPM di samping disebabkan oleh karena agama dan kepercayaan juga disebabkan oleh nilai-nilai kemanusiaan, kesamaan pekerjaan, sosial kapital, dan budaya tolong menolong. Persaudaraan madani sebagai kekhasan pemerintah merupakan cerminan dari tata kelola pemerintahan yang baik (good spirituality governance) sehingga terbuka kemungkinan PPM direplikasi di daerah/kota lain.

ABSTRACT

This research is about how spirituality can improve the quality of governance in the implementation of poverty reduction programs in Kendari city. The research approach used is qualitative-inductive and research strategy is case study. The results showed that the process of implementation program goes through the stages: socialization, data collection rich and poor citizens, the sales profile, the signing certificate, and the stage of Madani Brotherhood. Forms of empowerment mainly focused on aspects of employment, housing, education, and spiritual guidance so that the BMP can contribute to enhancing the quality of life and the condition of social welfare poor family. Enabling factors the success of the BMP beside caused by religion and faith are also caused by the values of humanity, similarity jobs, social capital, and culture of mutual help. Madani brotherhood as typical of the government is a reflection of the 'good spirituality governance' so that brotherhood madani program can be replicated in other town or cities
