

Project management for trainers: stop winging it and get control of your training projects

Russell, Lou, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20435689&lokasi=lokal>

Abstrak

This book describes a project management approach and development process that i created to provide my company with a flexible structure to manage projects. This approach was born out of necessity and, in truth, developed in the school of hard knocks as i developed a successful consulting business, in which a repetable approach to developing training programs is essential to success.
