

How to prepare and use effective visual aids: presentation skill & games

Eline, Leanne, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20435727&lokasi=lokal>

Abstrak

Choosing the right visual aid for your presentation is often confusing and can make all the difference in a successful presentation. This issue will help you choose and use visual aids wisely by showing you why these learning tools are important and then giving you step-by-step guidance as you select the right visual aid for your presentation. The issue includes tips on type size for slides, use of flip charts, and other visual aids methodology.
