Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20435831&lokasi=lokal>

Abstrak

Regional Regulation as a tool of social engineering does no other than want to place it as a moving motor than later could disseminate idea and goals, which wanted to be implemented in accordance with what has already been planned well and sysematically. Wiith the function of Regional Regulation as law not only constitutes legislation function merely, but also constitutes activity of the implementing bureaucracy.
