

Library web sites : creating online collections and services

Wilson, A. Paula, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20436095&lokasi=lokal>

Abstrak

Information-hungry consumers have become accustomed to flashy commercial web sites, the lightning speed of major search engines, and a seemingly endless array of "content" at high profile sites like Amazon.com. Libraries committed to delivering online content and services in this frenzied environment need the authoritative guidance and practical know-how available in Library Web Sites.
