

Children and libraries: getting it right

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20436345&lokasi=lokal>

Abstrak

While 'getting it right' for kids in libraries can be a challenge, as rapid technology changes impact both library services and the needs and expectations of children, it is a goal that warrants serious attention. This visionary book by respected children's library specialist and advocate Virginia Walter is a call to action for libraries...to consider children as vital participants in the community, as well as serious readers and technology users.
