## Abstrak

<The Glass Shield-Kim Jung-hyuk> Asia Publishers presents some of the very best modern Korean literature to readers worldwide through its new Korean literature series <Bi-lingual Edition Modern Korean Literature>. We are proud and happy to offer it in the most authoritative translation by renowned translators of Korean literature. We hope that this series helps to build solid bridges between citizens of the world and Koreans through a rich in-depth understanding of Korea. <Part of the story> "Gentlemen, instead of introducing ourselves, we'd like to make a little presentation. We believe that testing computer games is like unraveling a tangled ball of yarn. We'll show you how to unravel the kinks by patiently loosening the yarn step by step." I thought we had a terrific concept. And the reaction from the interviewing panel was good. As we pulled the blue and red yarn from the paper bag, I thought I detected a stir of interest from the panel. But we had a problem. We had tangled the yarn too much in the waiting room. Beads of sweat dotted our foreheads by the end of the first minute. Three minutes later the situation was no better. After five minutes our bodies were drenched in sweat.
