

Hubungan antara penguasaan silang budaya dan kemampuan komunikatif

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20437576&lokasi=lokal>

Abstrak

This correlation study aims at knowing empirically the significant relation between the third year students cross-cultural understanding and communicative competence at State Islamic Senior High Schools at South Jakarta. Its data that are obtained through two kinds of test are analyzed using both regression and correlation techniques.
