

Komunikasi transedental perspektif sosio fenomenologi : trancedental communication a socio phenomenology perspective

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20437600&lokasi=lokal>

Abstrak

Phenomenological sociology emphasizing the subjective of existing phenomena which is from the seen social fact there is something urge individual to take action for something that he believe that is right. The phenomena does not refer to the society in general, but refer to individual which sees human as a group of individual which has different character as well as has different perception, attention, also interpretation. For example the movement of Al-Qiyadah Al-Islamiah and Ahmadiyah Al-Qadiyan.
