

The sociological sciences and sexual ethics

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20437750&lokasi=lokal>

Abstrak

This study deals with sexual ethics relationship with sociological studies on sexuality. The social setting is seen as a component of every ethical scrutiny, even if the latter deals with a case of failure or deficiency in individual moral choice. Conscious decisions and actions, which are tacitly determined by what have preceded individual choice, are no longer the only important object of ethical argumentation.
