

Foreign capital inflows-growth nexus and role of domestic financial sector : an ARDL cointegration approach for Pakistan

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20437984&lokasi=lokal>

Abstrak

This study explores the roles of foreign capital inflows and domestic financial sector development on economic growth in the case of Pakistan. Using annual data series of World Bank and Economic Survey of Pakistan over the period of 1971-2008, ARDL bounds testing approach to cointegration and error correction model (ECM).
