With organizations increasingly dependent on high-performance teams for virtually every imaginable activity, teamwork has become a major business strategy--and getting teams to work an absolute necessity. The Team-Building Workshop was written specifically to help readers design and lead a two-day team-building workshop that achieves measurable results. Using the six-step team-building process and wealth of ready-to-use training materials, readers will be able to:

- * Recognize when team building is the right solution
- * Generate true commitment to team building
- * Handle resistance to team building
- * Accurately assess the team's needs
- * Cure dysfunctional teams, resolve team conflict, and rebuild team trust
- * Use team building to improve productivity, quality, and customer satisfaction.
