

Playing between elephants : a documentary

Danusiri, Aryo

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20438875&lokasi=lokal>

Abstrak

There is an Indonesian saying that when the elephants are locked in a fight, the mousedeer will die in the middle. This film documents the rebuilding of a house in a post-tsunami Aceh village. The Acehnese people (the mousedeer) learn to deal with the friction between local leadership and the global international body assigned to build houses (the elephants).
