

Architect's guide to adjudication: the housing grants, construction and regeneration act 1996

Lupton, Sarah, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20439842&lokasi=lokal>

Abstrak

In this book Sarah Lupton takes us through the intricacies of the new legislation, its major implications and the options it presents. She writes with the same clarity of thought and expression that made her Architect's guide to arbitration so helpful.

This book has introduced a new right into all construction contracts which it covers, the right of either party to have any dispute arising under that contract referred to a process of adjudication.
