

A guide to drawn information

Hill, Mervyn, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20439846&lokasi=lokal>

Abstrak

This book helps the practitioner improve the information skills of small practices, and helps the development and implementation of information strategies that can create competitive advantage for small practices.

Drawn information is a practical reference to the essential topic of generating information in the form of 'production' documents, particularly drawings, on a day-to-day basis from a typical small-based practice.
